FLOOD WATER IN MID-WESTERN AREA SUBSIDING

Death Toll 16; Relief Groups Aid Homeless

CHICAGO, Nov. 20.—(U.P.)—As raging waters which swept over five states to the south and west of here, receded today, relief workers surveyed a wide trail of destruction and loss of life, left in the flood wake.

Sixteen dead, thousands of persons homeless and property damage estimated in excess of \$10,000,000 was the extent of destruction in the states of Kansas, Missouri, Illinois and Kentucky alone. Lowlands in southeastern Iowa also were inundated.

Thirteen persons were drowned in Kansas, according to the latest check-up, and three lives were claimed in Kentucky. In Kansas the Walnut, Arkansas and Verdigris rivers went on a rampage that lasted three days following heavy rains throughout the state. Thousands of acres of land were flooded and homes swept away, causing wide-spread suffering.

Kentucky Flood
The Cumberland and Kentucky

rivers rose in Kentucky, flooding five counties in the eastern part of the state. Driftwood carried a bridge away at Terjay, drowning three men.

The latest attack of the fall waters on the man-made parapets which ordinarily held the Mississippi river in its course, tore down the levees at Quincy, Ill., flooding approximately 12,000 acres of rich farm lands on both the Illinois and Missouri sides of the stream. Lowlands in southeast Iowa also were flooded.

Millions of dollars of damage was done to the section in western Illinois near Quincy, alone. Damage to crops will run into tens of thousands of dollars.

Barrymore To Wed Dolores Costello

LOS ANGELES, Nov. 20.—(U.P.)—Date of the wedding of John Barrymore, stage and screen star, and Dolores Costello, film actress, who today filed notice of intent to marry, had not been announced tonight.

They appeared at the courthouse to comply with the state law requiring filing of notice of intent three days before a marriage license may be issued.

Barrymore gave his age as 41 and Miss Costello said she was 22.

The marriage will be Barrymore's third and Miss Costello's first. The second Mrs. Barrymore, who writes under the nom de plume of Michael Strange, obtained a divorce recently.

A romance between Barrymore and Miss Costello had been current in Hollywood for some time. Miss Costello was Barrymore's leading lady in "The Sea Beast" and other notable productions.

Survey Ordered On Inter County Bore

MARTINEZ, Nov. 20.—Preliminary to the construction of the Victory Highway Broadway tunnel, an immediate survey was ordered yesterday by the joint highway commission of Alameda and Contra Costa counties. The new tunnel which will cost approximately \$1,500,000 will be located directly under the present bore. The route planned will extend along Temescal canyon on the Bay side and follow an improved and more direct line on the Contra Costa side of the hills.

An soon as surveys are submitted providing details for the

construction the district commission plans immediate conferences with state officials to secure the necessary state funds for the project. Alameda county has set aside \$250,000 in the current budget for development of the tunnel to which will be added necessary funds through a joint highway commission under the state act of 1917 which also provides state aid.

Supervisor R. C. Staats of Alameda county H. L. Hinman of the Citizens Committee of One Hundred and Supervisor Oscar Olson of Contra Costa county comprise the joint highway board.

Woman 'Confesses' In 'Love Nest' Case

MARTINEZ, Nov. 20.—Admitting her wrong doings and clandestine relations with W. H. Galloway, Mrs. Lela Schmidt, arrested in a "love nest" raid in Richmond last Friday made a complete confession, according to Deputy District Attorney James P. Hoey.

Mrs. Schmidt was subject to a long grilling which finally broke down her silence, the authorities declared. Mrs. Schmidt continued to deny guilt for a long time in compliance with Galloway's alleged admonition "Keep still and I'll get you out all right," which she said was the final warning he gave her prior to their being lodged in the county jail here.

While Mrs. Schmidt in her confession has indicated that she will be the defendant.

AXE SLAYER HUNTED IN OMAHA

OMAHA, Neb., Nov. 20.—(U.P.)—While shotgun sounds echoed the empty Omaha avenues for a young man suspected of perpetrating three murders and the probable fatal injury of a fourth person, citizens of Omaha spent another apprehensive night.

Police, after the most intensive search ever conducted for a criminal, admitted tonight they had no clue that would lead to arrest of the maniac.

Investigators were unanimous in blaming a madman for four recent attacks, the last of which was made early today on J. Harold Strubling and his wife. Strubling hovered between life and death tonight.

He has not yet gained consciousness and physicians fear he could not live. Mrs. Strubling gave police the information that her husband in search for the madman, was found in a hysterical condition on the Iowa side of the Missouri river, near her home. She said she was awakened at 3 o'clock this morning and saw a mulatto with upraised ax over the bed in which she and her husband were sleeping.

Strubling, a former football star, fought with the negro who, wielding his ax skillfully and finally struck his husband, Mrs. Strubling said. Leaving Strubling on the floor, the negro seized Mrs. Strubling and fled to the swamps along the Missouri, still carrying his bloody ax. She was dazed at first, she said, and walked along a captive but later escaped and ran to a highway where a motorist took her to police headquarters.

Police are convinced the negro is the same man who Sunday killed J. W. Blackman, 75 year old expressman, with an ax and who Monday beat to death with a hammer Mrs. Gertrude Resso, 21, and her sister, Miss Greta Brown, 18.

FOREST FIRE HITS SOUTH

LOS ANGELES, Nov. 20.—(U.P.)—A forest fire which had burned over 3000 acres, since noon was being driven toward cabins near Twin Lakes and Deer Park tonight by a 40 mile wind, the county fire warden's office here reported.

The blaze was two and a half miles southwest of the two subdivisions and headed towards them. Whether any of the hundreds of head of cattle in the vicinity were destroyed was not known.

Eugene Schmitz Called By Death

SAN FRANCISCO, Nov. 20.—(U.P.)—Eugene E. Schmitz, 66, who was twice elected mayor of San Francisco and was in office at the time of the earthquake and fire of 1906 died here today of heart disease.

Motorist Fined For Cutting In

Lee Gitt of Oakland was fined \$15 yesterday by Justice of the Peace Arthur A. Alstrom on a charge of cutting in on another motorist. Traffic Officer C. H. Nissen made the arrest.

U. S. Vestris Probe

SURVIVORS of the ill-fated Vestris crew being examined by United States District Attorney Tuttle. Those in the picture are (left to right) Joe Garcia, R. E. Manley, Tuttle, Edward Darcy, J. Griffin, George Prestovich, John Kipling and Tuttle.

RICHMOND PIONEER TELLS OF KILLING DUCKS WITH CLODS

Richmond duck hunters who are telling stories of the record bag made during the hunting season should talk with Anton Borda.

Borda is one of the earliest settlers of Richmond, coming here in 1860. For many years, he farmed that section of Richmond, west of Washington avenue, now occupied by the Standard Oil refinery.

In those days and for many years after, Potrero (pasture) as the section was known was the

favorite gathering place of ducks. Guns were unnecessary. So thick were the ducks, according to Borda, that only a clump of abode was needed as a weapon to insure a duck dinner.

The ducks did not confine themselves to the sloughs, according to Borda, but were to be found in the marsh lands and even in the Potrero.

"It's much different these days," said Borda, thinking of the past.

San Pablan Held On Check Charge

G. J. Rose, of San Pablo is being held in the city jail awaiting hearing before Justice of the Peace A. A. Alstrom this morning on a charge of issuing checks without sufficient funds in the bank to cover them. The arrest was made by Patrolman Frank Gray upon the complaint of Joseph Feliciano. Rose, it is reported, gave Feliciano a small check in payment of a debt. There were no funds in the bank to cover the check, it is charged.

Man Fined \$20 On Fraud Charge

Robert Ely, arrested last Saturday as he completed serving a county jail sentence for petty theft, was fined \$20 by Police Judge C. A. Odell on a charge of defrauding an innkeeper. The complaint was sworn to by Mrs. Margaret Fowler of Richmond.

BUILDING PERMITS

A building permit for the construction of a rear porch addition to a cottage on the north side of Pennsylvania avenue, between Eleventh and Twelfth streets was issued yesterday to Pete Bolint by Arthur J. Hurley, city building inspector. The work will cost \$75 and W. J. Schmidt is the contractor.

MRS. BONHAM ILL.

Mrs. Joella Bonham, active in fraternal circles of Richmond is U. S. Abbott yesterday at the Abbott Emergency hospital for a fluemia in her home, Fourth and Bush streets.

PAVING ON 23RD ST. DONE

Paving on the extension of Twenty-third street, south of the Santa Fe viaduct has been completed by the California Construction company, according to E. A. Hoffman, city engineer.

The improvement which was constructed at a cost of \$71,000 extends from Pullman to Potrero avenues, a distance of approximately six blocks. Crossing Cutting boulevard, the street will furnish another artery to the inner wharf industrial district of Richmond besides providing an outlet for property in the immediate vicinity.

Laying of concrete sidewalks will be completed by the end of the week. It is expected. The street which is 56 feet in width with an 80 foot width between property lines, has been paved with a four-inch rock cushion four inches of asphalt concrete surface and a two-inch Warrenite top.

STOCK SALES BREAK RECORD

NEW YORK, Nov. 20.—(U.P.)—Today's trading on Wall Street reached proportions hardly dreamed of recently as a year ago.

More shares of stock changed hands today than on any other single day in history with one exception. Total sales were 6,440,800 shares, about 150,000 less than the big market immediately after the election.

One statistician estimated roughly that the dealings transacted in the stock exchange represented on paper an over-run of \$700,000,000 between 10 a. m. and 3 p. m.—the hours the exchange is open.

Teachers Go On Strike In East

POTTSVILLE, Pa., Nov. 20.—(U.P.)—The new Philadelphia grade schools are closed and their 350 pupils are enjoying an unexpected vacation. The teachers walked out when the education fund was depleted. Some have almost two years' back salary due them, it was said.

Small Damage In Auto Crashes Here

Four machines were slightly damaged in two auto crashes here yesterday.

Cars being driven by H. E. Jackson of Tenth street and K. R. French, 327 Forty-third street collided at Sixteenth street and Macdonald avenue. Slight damages were done and no one was injured. A car piloted by B. A. Watson, 312 Central avenue El Cerrito crashed into a machine being driven by Dorothy Silver 112 Panama street at Panama street and Panhandle boulevard. No one was injured.

E. H. Higgins Buys Seventh St. Lots

E. H. Higgins, building material dealer, has purchased property at Seventh street near the Santa Fe tracks from E. Russell. The consideration of the deal, which was handled by Mrs. P. E. Eagan of George Lee's office, was not revealed.

The property adjoins Higgins' Sixth street warehouse.

Attempt Made To Steal Book U. S. Aide Says

LOS ANGELES, Nov. 20.—(U.P.)—United States District Attorney Samuel McNabb had information that the Julian Petroleum corporation would "collapse soon" four days before the crash, he testified before the county grand jury investigating corruption in the office of District Attorney Asa Keyes.

Transcript of grand jury testimony, released today, charged that McNabb was seen in the little tailor shop where Keyes assertedly sold dismissals and acquittals. McNabb explained to the jury that he did not take action when he learned of the pending Julian disaster because he decided to pursue a "waiting" attitude.

Denies Part
He denied that he participated in the alleged tailor shop "pay-offs."

The transcript revealed that McNabb testified information of the approaching collapse came to him through Lucien Wheeler, an agent in charge of the United States bureau of investigation.

McNabb's testimony was that Wheeler told him he had learned from a postoffice inspector of a slight overissue of Julian stock. The postoffice inspector, according to the testimony, said he could get a little black book containing numbers of the certificates.

"At that time nobody knew of any overissue," McNabb testified. Wheeler said the inspector estimated it was over a million and I told him you'd better get that book."

Home Ruled
He did and locked it in the investigation bureau safe. The

Hoover Not To Stop For Visit In Panama

WASHINGTON, Nov. 20.—(U.P.)—Panama will be omitted from the itinerary of President-elect Hoover's South American tour, the battleship Maryland advised the navy department today.

Instead he will stop off in the vicinity of the Pacific terminus of the proposed Nicaraguan canal, the construction of which some are urging in preference to enlarging the Panama canal, which is due to have capacity traffic before many years.

Previously it had been planned to stop at Panama but the Maryland's message stated that this would not be done although it necessary to fuel on the return voyage a stop could be made for that purpose at Panama.

Wealthy Rodeo Man Begins Jail Term

MARTINEZ, Nov. 20.—Alexander Pezzutto, wealthy garage owner of Rodeo, last night surrendered to the sheriff's office to begin serving a county jail sentence of eight months on a charge of attacking J. C. McElree, Oakland tire salesman.

Pezutto was convicted by a jury many months ago on charges of attacking the salesman who sought to collect a bill from the garageman. In addition to the jail sentence, Pezzutto must pay a fine of \$1000 to avoid which a "pauper's oath" is required.

Several years ago, Pezzutto gained prominence as the victim of a counterfeiting ring. He is said to have lost \$2000 to an alleged "wine press money maker." The man was brought here from the east to face trial but freed when the jury virtually tried Pezzutto and held him culpable for entering into such a fraudulent scheme.

Pezutto sought to escape his present fine and sentence by appealing, but lost in the higher courts.

Then there is a bachelor whom the husband invited to join the luncheon group and who attaches himself to the wife.

The entanglement and the unravelling is told by Arline de Haas in the new serial which begins today in the RECORD-HERALD. Follow daily this interesting story of modern life.

ABOUT EVOLUTION

The theory of evolution—Darwin's or anybody else's—may be right or wrong. Biology is not an exact science. If we think it is wrong, shall we outlaw it, as Arkansas and some other states are doing? Such legislation means government dictating to science. It means office holders, by mere virtue of their office, assuming to say what is true or false in some special branch of knowledge. It means the state interfering with education on religious grounds—a rather un-American procedure.

No human statute can change a natural law. If evolution is the law of physical development, no legislation can make it false; if it is not, no legislative act can make it true.

Such legislation confuses educators and limits their usefulness. It may be all right for legislators or taxpayers to say to a school they support: "You shall not use our money to teach that man arose gradually from lower forms of life instead of being made in a single act of special creation." But must students go out into life ignorant altogether of something that has entered deeply into the thinking of the modern world? Must they look blank when anyone mentions evolution?

There is no reason why a teacher need be either for or against evolution in the classroom. The teacher or the textbook can properly say, "This is what the evolutionists believe," and stop there.

Educated persons are supposed to know what the term means, as a matter of general information, just as they are supposed to know what gravitation means.

RADIO MONOTONY

Throw on the radio switch after supper on these autumn evenings and what do you hear? Ten to one jazz music or a sick-calf song from some mooning tenor. Tune into another station and what do you hear? The same thing.

Turn the dial from station to station, through its whole range and you run into what seems an endless succession of jazz dance music alternating occasionally with sick-calf songs. Usually, at any given moment, it is the same tune or song. When it changes, all the stations change together.

This is chain broadcasting, which is capable of great development for fine entertainment, but at present is usually monotonous and dull to anyone craving for artistic variety.

Do the people who get up the chain music programs really imagine that this is what majority of the American people want, hour after hour, evening after evening? Last winter the public was told that widespread tests showed a public preference for good music.

Even if most listeners prefer jazz and the particularly monotonous and sickly type of love song now current, why give them so much of the radio time? There is at least a large and sane minority which deserves in point of numbers alone, a good deal more consideration than it receives.

Seeing that half the fellows who run for office are always through with politics the day after the election, the mystery is how we ever succeed in obtaining men to hold our public jobs.

Yes, it was a mixed up election. But none of the neighbors, Latin or Nordic, had to come in and help us straighten it out.

"The groves were God's first temples," and now Santa Rosa has built a big church out of a single redwood tree.

However, the world has been made safer for democracy than it has for pedestrians.

A generous collar combined with Tuxedo Silver of Persian Lamb elaborates an effective coat with wide front overlap, depeveled in gray Mole.
Dear Judie,
I have a mole-skin coat in ex-

cellent condition, excepting where it is worn at the edges and on the line and I need the suggestion of a collar and cuffs. It has good height, straight lines, but needs some thing to make it just right, just lamb! The accompanying sketch what it is hard to say. I was will indicate a way of preserving thinking of contrasting fur collar, the desired long line and also one and cuffs. But what! I must which will cover up the worn

BEAUTY

Nothing is much more important, in make-up than absolute necessity of matching both sides of your face. A dab too much rouge on one cheek or one eyebrow just a shade thinner than the other is enough to spoil anyone's appearance.

Don't try to apply make-up before the mirror on your dressing table with a rose shaded light as your only guide. A bright, unshaded light directly above the mirror is necessary if you want to touch up your complexion evenly and naturally. When you are going out into the sunlight, take your hand mirror to the window to be sure that the bright daylight won't reveal over-enthusiastic use of lip rouge or powder or blemishes that should be concealed.

Dear Miss Lane,
Have you any remedy for "hard corners at the edge of one's finger nails? I have never bitten my nails but I am tempted to know

edges of your coat. You could, of course, have long haired fur, but the curly ones are new and smart. If you are inclined to be stout, they are less liable to give you barrel-like proportions. Had you thought at all of converting your mole coat into a lining for a smart cloth coat—fur-lined coats are exceedingly smart—Mole is especially desirable for a lining. Yours for style,
JUDIE.

REPORT MADE ON UTILITY DISTRICT

The following report on the activities of the East Bay Utility district has been submitted to the board of directors by Arthur P. Davis, chief engineer and general manager:

During the first half of November, work has been in progress on preparing drawings for submission to the Federal Power commission showing changes in the south spillway and Pardee Dam, checking and drafting the plans for the roof of the Rockridge reservoir and designing miscellaneous structures for the Sequoia aqueduct. There has been under way a revised location of the Wildcat aqueduct around the University grounds and another revision for the relocation of the Wildcat aqueduct between Yolo street and Marin avenue along Hopkins, Sonoma and Fresno streets. A hearing has been held regarding the re-zoning of a lot on Vine street near Walnut for the location of a small pump to be used to lift water from Wildcat aqueduct to Berryman reservoir. Studies have been continued on proposed connections between the Wildcat and Sequoia aqueducts and the East Bay Water system and a map is under preparation to a scale of 1000 feet to the inch showing this work. Inspection of the repairs and extensions being made by the East Bay Water company are also being carried on.

Pipes Tested

The Lock Joint Pipe company has continued the manufacture of pipe for the Sequoia and Wildcat aqueducts and during this month there are fabricated and tested 291 steel cylinders and 290 completed pipe sections. There were shipped into the field for installation on the Sequoia aqueduct 439 pipe sections, and there are now 406 standard pipe sections in storage at the yard. In addition to these there were seven special sections shipped to the field and twenty-two in storage at the yard.

Test specimens have been taken during the month of the concrete for these pipes and the average compressive strength at the age of 28 days for the mix used for the inside shell has been 3573 pounds per square inch, and on that used for the outside shell 3540 pounds, both of which indicate excellent grades of concrete. The tests also showed the progress of curing work during the past week. The Lock Joint Pipe company laid 2750 feet of pipe on the Sequoia line this month, the total pipe laid to date being 45,322 feet. Backfilling is being kept up closely behind pipe laying, and in Oakland the work of repaving has been kept closely behind the other operations. In Piedmont, however, where the city authorities handle the repaving, the contractor has been unable to get them to follow closely behind his other operations. On the Wildcat aqueduct work is in progress on the Plaza tunnel and 83 feet were excavated this month making a total of 97 feet to date. The

Sequoia aqueduct is 65 per cent completed and the time elapsed is 72 per cent. The Wildcat aqueduct is 9 per cent complete and the time elapsed is 46 per cent.

Water Encountered
Grier and Mead, contractors for the Claremont tunnel have continued excavation at the west heading. The water encountered has been increasing and the flow now is about 3550 gallons per minute, making working conditions very bad and progress slow.

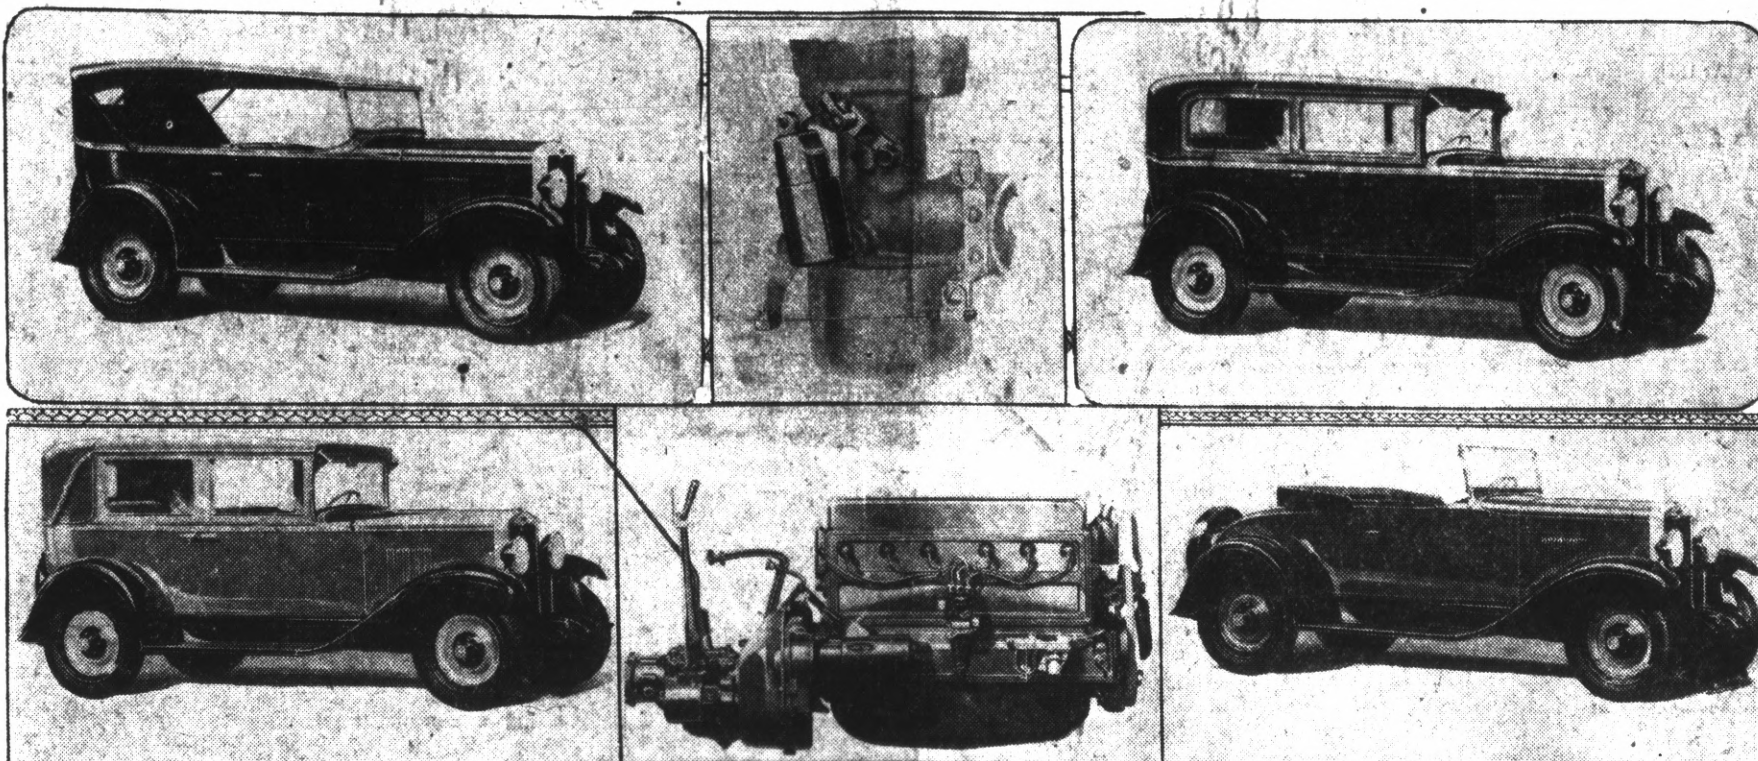

During November the west heading advanced 130 feet or less than an average of five feet per day. The total amount excavated on this tunnel is 17,169, which leaves 835 feet to excavate before the headings meet. This contract is 78 per cent completed and the time elapsed is 93 per cent.

Lafayette Tests
At the Lafayette dam test borings and other investigations recommended by the consulting board are being carried forward.

Thompson Brothers have placed 730 feet of the concrete invert at the Lancha Plana tunnel during November, making a total of 1470 feet of concrete invert to date, all of which is at the east end of the tunnel. The lining is being placed from a shaft which intercepts the tunnel where it passes under the land of the railway leading to the dam. The Lancha Plana tunnel contract is 51 per cent complete and 40 per cent of the time has elapsed.

On the pipe aqueduct where drainage channels are being provided by Cannon and McCarty, this

MODELS AND FEATURES OF NEW CHEVROLET "SIX" LINE

A group showing four models of "The outstanding Chevrolet in Chevrolet History—Six in the Price Range of the Four" which has just been announced by the Chevrolet Motor Company. Seven new body styles, all bearing the famous Fisher Body stamp, comprise the line this year. The new 6 cylinder engine develops 32 per cent more power than its famous predecessor and has lightning-like acceleration. The driver's seat in all closed models is adjustable. Prices throughout the line remain approximately the same. Left to right, top, phaeton which takes the place of the touring car this year, a close up of the carburetor showing the new accelerating pump, and the 2-door sedan. Lower, the convertible landau sedan on which the top rear quarter may be completely folded down, the new 6 cylinder valve-in-head motor, and the roadster with its graceful and stylish Fisher Body.

Scout Council Session Will Be Held Today

The Richmond District Scout council will hold its meeting tonight at the Elks club under the direction of Claude E. Clark, J. D. Keith of Crockett, council president, will be present and will talk on council problems.

The annual meeting of the Scout council will be held at the Methodist church in Martinez Dec. 13. A number of Richmond members will attend.

C. J. Carlson, regional scout executive, from Los Angeles, will be the principal speaker of the night. He will present the training school graduates with certificates.

Westway Club To Meet Today

The final meeting of the year for the Westway Sewing club will be held at the home of Mrs. Mary Conway, 444 Twentieth street from 10 to 3 o'clock today. Mrs. M. P. Hudson will be in charge.

Peres P. T. A. To Plan Yule Party
Plans for a Christmas party will be discussed at a session of the Peres P. T. A. this afternoon in the school. Mrs. Lee Fowler will, preside.

Civic Center Club At Yorton Home
Mrs. Alpha Yorton, 139 Second street will entertain members of the Civic Center club this afternoon at her home. Mrs. Grace Stewart will preside.

Alpha Masons Confer Degree
The third degree was conferred on a group of candidates last night by the Alpha Lodge of Masons. J. W. Smiley, worshipful master, presided.

Fritchie Council Nominates Tonight
Barbara Fritchie council, Daughters of America, will hold final nomination of officers tonight at the Woodmen hall. Initiation of candidates will be held during the night.

Native Daughter Lodge Enjoys Whist Parties

Two whist parties were held yesterday by Richmond parlor Native Daughters of the Golden West in Odd Fellows hall.

The turkey whist was held last night following a business meeting presided over by Miss Grace Curry. Prizes were awarded to Mrs. J. C. Eaton, Mrs. Genevieve Christen, Mrs. J. C. Feudner and C. H. Harvey. The door prize was awarded to Mrs. Tillie Summers.

At the afternoon party which was the first of a series prizes were awarded to Mrs. W. Pasch, Mrs. J. Stettin, Mrs. M. S. Dohman, Mrs. Boljadin, Mrs. J. C. Feudner and Mrs. Jessie Leach. A pillowslip whist party is the next event planned by the parlor. It will take place Dec. 4 in Odd Fellows hall. Mrs. Gertrude Pasch heads the committee in charge of the whist parties for the year.

T. F. B. Arranges Plans For Big Membership Drive

The Fraternal Brotherhood at a meeting held last night in Mustang hall made plans for a membership drive to begin next Tuesday. E. C. Hatfield of Los Angeles from headquarters of the lodge will assist in the drive which will last for three weeks.

Dutch whist was enjoyed following the business session with prizes being received by Mrs. Lillian Gomez, Mrs. Margaret Simpson and Mrs. Ruth Gail.

The sewing club of the lodge will hold an all day session Friday in the home of Mrs. Rosa Phillips, 526 Thirty-fifth street. Luncheon will be served by the hostess.

HI-Y CLUB TO HOLD FINAL DINNER MEET

The final dinner of the year for the members of the HI-Y club will be held in the Y. M. C. A. Dec. 23, according to an announcement made last night. The club now boasts a membership of 50 boys and is planning for an enlarged program of events after the holidays.

The 12th basketball team of the club will meet for practice tonight. Wallace Farrar is coach. Service tasks were assigned last night to Todd Scott, Angelo Polesse and Emeric Baxter.

Richmond Temple Birthday Party Set For Tonight

Birthday of members occurring during the month of November will be celebrated by the Richmond temple of Pythian Sisters tonight in the Brotherhood hall under the direction of Mrs. Mae McMansters.

Zephyr Rebekah Food Sale Today

The Zephyr Rebekah lodge will hold its food sale and bazaar today at the L. H. Schrader Furniture company store, Seventh street and Macdonald avenue. Cooked foods and hand-made goods will be sold.

THE BLACK ANGEL?

CHEVROLET SIX CAUSES STIR IN NATION

The announcement of a new six cylinder Chevrolet replacing the former four cylinder car with prices practically unchanged has created something of a sensation through the entire country.

In connection with this announcement the statement was made that the new car would sell at prices approximately \$200.00 less than any other six on the market and with no raise at all in price over the former four cylinder Chevrolet except in the case of the two-door sedan which has been raised \$10.00 and the convertible landau which will sell for \$30.00 more than the former sport job.

There have been rumors of Chevrolet coming out with a six cylinder car for several months but the announcement by W. S. Knudsen, president and general manager of the Chevrolet Motor company, made in Detroit Nov. 16, was rendered spectacular by the fact that this new car was to be sold at practically no raise in price.

Equipped with six cylinder valve-in-head motor, fully enclosed, and with a high-compression non-detonating head, the car is said to have done better than 70 miles an hour in tests at the General Motors proving ground in Milford, Mich., and yet, at ordinary speed, is reported to have given an economy of better than 20 miles to the gallon. Because of the ample power provided in the new six cylinder motor, in addition to its flexibility, it has been possible to equip the rear axle with a comparatively high gear ratio of 3.18 to 1, which reduces the turn-over speed of the motor in comparison to road speeds without lessening the car's ability to climb hills and make a quick getaway in traffic.

The motor has a bore of 3 5/16 inches and a stroke of 3 3/4 inches. The piston displacement is 194 cubic inches. On accurate tests in the General Motors laboratories this motor has developed 46 horse power at low engine speeds and is of particularly rugged construction with a crank shaft weighing 46 pounds. The car is equipped with an A-C air cleaner, an

automatic fuel pump which replaces the former vacuum tank feed, a carburetor with automatic accelerating pump and a special system of automatic lubrication for the entire rocker-arm mechanism and for all valve operating parts.

The lines of the new car are particularly attractive with flat hood and stream-line effect, making the car comparable in appearance with many cars costing much more.

A business session of the Woodrow Wilson P. T. A. will be held this afternoon at Room 16 of the school. The Study club will meet prior to the business session.

The modernization of Palestine is progressing apace, says the National Automobile club. All the principal places in the country are to be linked with paved roads.

Wilson P. T. A. To Hold Meet Today

Meantime the eight will appear Thursday to plead to the counts of conspiracy.

JULIAN CRASH SECRETS TOLD

(Continued from Page 1)

Rosenberg, all now indicted, in connection with the Getzoffs. A. J. Getzoff, he said, Attorney Dudley Robinson, former deputy District Attorney Harold Keyes and McNabb were in the establishment. The said he heard Keyes and Getzoff worked to get money and that Getzoff was the one who saw the money being brought in huge stacks and that they called them and that Getzoff, Keyes and Charles Reimer, indicted Keyes in connection with the case.

Testimony of former Deputy District Attorney Davis, who resigned while handling the Julian prosecution, was that Keyes on a talk to him about "not having sufficient evidence to show conspiracy."

Davis testified that his resignation read:

"Dear sir: I hereby resign as deputy district attorney because I do not care to be a party to the malicious prosecution of the Julian case."

Keyes, he said, persuaded him to finish the case. When asked if he thought the Julian jury was "fixed" he replied:

"Frankly, I do. I don't see how any jury could come in as quickly and unanimously as they did without something being done."

When Keyes was arraigned today on new indictments returned Saturday, it was learned that he must face three separate trials. It was disclosed for the first time that the new indictments, instead of supplanting those voted two weeks ago, brought additional charges of conspiracy against Keyes and the seven others.

All will go to trial as scheduled on the first indictments which charge giving, and receiving bribes. Keyes will face the count on Dec. 5 and the others on Dec. 12.

Meantime the eight will appear Thursday to plead to the counts of conspiracy.

The modernization of Palestine is progressing apace, says the National Automobile club. All the principal places in the country are to be linked with paved roads.

65c to San Francisco
and back
40c to Oakland
and back

For only a few cents more than the regular one-way fare you now can buy round-trip tickets to San Francisco or Oakland with 2-day return limit.

More time at your destination for business or pleasure; stay there over-night if you wish and return on any train prior to midnight of the second day. For example, leave Saturday morning and return Sunday night.

25% of our school children have defective eyesight—caused, chiefly, by poor lighting

What are you doing to correct this condition in your home?

Most homes have beautiful lamps, but they give poor light.

The best lighting is that which is nearest to ordinary daylight—sufficient light without glare, evenly distributed throughout the room.

The lamp illustrated here meets these requirements. It doesn't hurt the eyes. It improves the colors of furniture and draperies. Friends love to linger in the soft, complimentary light.

The lamps (both floor and table) have an opal glass reflector under the shade that diffuses the light. They come with a selection of silk and parchment shades. But you can never know how it improves vision and the appearance of the room until you try one. We'll gladly loan you one for a trial. Phone or drop us a card.

A modern ceiling unit is also illustrated here.

HEAD OF A. A. U. SCORES PRO ATHLETES

NEW YORK, Nov. 20.—(UP)—The forty-fourth annual convention of the Amateur Athletic union closed at the Waldorf Astoria hotel today with the middle west in possession of the three prize awards—the presidency, the 1929 convention and the national senior and junior outdoor track and field championships.

Avery Brundage, a 42-year old Chicago bridge contractor, was unanimously elected president to succeed Murray Hulbert, New York, who has been president since 1924. Brundage is a graduate of the University of Illinois and was a member of the Olympic team of 1912.

The next meeting was unanimously awarded to St. Louis. The track and field championships were awarded to the University of Denver, at the opening day's session.

In making the three outstanding awards to the middle west and west, the convention took a long stride towards closer relationship between the colleges and the A. A. U.

"We are extending a hand of friendship to the colleges," Brundage said. "Most of the attack of the western colleges on the A. A. U. in the past has been based on organization."

In accepting the presidency, Brundage deplored commercialism in sport and advocated a steady war against "this growing evil."

In discussing professionalism in sports, he said the promoters were largely to blame for most of the violation of the amateur rules by athletes.

"We do not need any more rules. We have enough," he said. "What we have to do is enforce those we have. It is the administration of these rules that I will primarily interest myself in."

He urged the A. A. U. to develop three branches of athletics—industrial, playground and junior novice events—from which, he said, "our future champions will come."

Hunters' Asked To Give Extra Ducks To Needy

Hunters who have bagged their share of ducks and have the glory of recounting their tales, besides enjoying much of the tender meat have been asked by Capt. Omar Knutson of the Salvation Army, not to forget the needy on Thanksgiving Day.

The Salvation Army is providing baskets of food for needy families in the city. Capt. Knutson feels that there are many hunters who enjoy the sport of hunting and do not care so much for the ducks. These and others who have extra fowl not promised have been urged to top off a basket of groceries by adding a duck.

Captain Knutson is investigating cases of needy families brought to his attention and only those deserving will be attended to, he declared.

Indian Herbs

Is a good family medicine composed principally of herbs, roots and bark. An excellent liver regulator for sluggish bowels, kidney and constipation. You can get the money back at any of the agencies where you bought them if Indian Herb Compound does not benefit you after directions have been followed.

Indian Herbs are for sale by all local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American Herb Co., 607 Macdonald Avenue.

All Sports Look Alike To Him

CROCKETT MAN WINS TURKEY TOURNEY

In the turkey handicap tournament held at the Contra Costa Golf Club, Jack Gribbin of Crockett won not only walked away with one of the turkeys, as a result of having the lowest net score, but also took the low gross of this. Bill Shields, another golfer from the Sugar Town, claimed a turkey by winning second net honors. Whereas H. J. Hauser, a Martinez representative, took a golf trophy.

More than 40 sports fans went out to win a turkey for their Thanksgiving dinner. The winners, therefore, were up against a stiff competition as some of the best players entered the tournament.

The fairway and green at the Contra Costa Golf Club were in splendid condition for a tournament, principally because of the recent rains which had softened all of the grounds.

The scores for the leaders in this tournament are as follows: J. H. Gribbin 84 10 74; W. C. Shields 94 10 75; J. Hauser 90 14 76; J. M. Soares 90 13 77; E. L. Randall 114 36 78; W. J. Ripley 114 36 78; T. Jackson 101 22 79; H. C. Wells 95 16 79; J. A. Randall 93 13 18; A. A. Blowers 102 22 80; G. W. Allian 85 80; A. T. Randall 100 19 81; R. D. Richardson 114 22 82; H. P. Mundt 97 15 82; J. Barnett 111 28 83; F. Ramsdall 102 18 84; A. B. Edwards 104 20 84; D. D. MacGregor 103 19 84; Wm. Graham 103 18 85; E. C. Gillet 114 29 85; L. L. Farnum 135 20 85; A. J. Batts 117 26 86; Dr. G. Aronitz 95 8 87; A. E. Lindsay 107 19 88; Wade Moore 105 18 87; J. McKean 116 26 90; W. A. Ruge 113 22 91; C. H. Grey 140 36 104; C. L. Carlson 127 23 104.

PUNCH DRUNKS OUT
"Punch Drunk" boxers will be suspended by the Illinois Boxing commission. "Sturkie" Callahan who takes four punches to land one, passed the first test.

Stranahan University and the University of Nebraska will meet in the first big intercollegiate grid contest in Cleveland in 1929.

Boxers Prepare For El Cerrito Bouts

Friday is fight night at the El Cerrito Athletic Club. Ted Jernigan and Al Corbett, of Sacramento will meet in the ten rounder. Jernigan appeared at the El Cerrito club several months ago and has impressed the fans with his work.

Chapie Cruz and Ralph Lopez will meet in the six round special event. The remainder of the card includes Johnny Ingram vs. Ernie Sheldon; Ed Cleveland, vs. citation.

Baby Face Ketchell and Frank Payo vs. Mike O'Brien.

EDWARDS TO L. A.

Jim Edwards, southpaw for the Seattle Indians may join the Los Angeles Angels in the 1929 season. It is reported that the Angels may pay \$10,000 for the hurler.

WILLIAMS GETS JOB

Otto Williams, former coach of the St. Louis Cardinals, has been signed to coach with the Kansas City Blues of the American association.

Root For Routis

GOLDEN BEAR HAS SLIGHT EDGE

California is slightly favored to win the Big Game Saturday at the Berkeley Memorial stadium. But Pop Warner moves in mysterious ways, his football plays to perform. If you get the general drift of his yarn.

As stated before in this column, Pop's team has been troubled with amebitis for the past couple of weeks. Fumbles cost the Cardinals a tie or a win over the Trojan outfit in Los Angeles not so many moons ago. Will the Cards fumble away their chance Saturday?

Both Nibs Price and Pop have been troubled the past week with letters from football "brains". Every man in the country who has seen a game of football has sneered his efforts to construct plays that will be good for a touchdown every ten minutes. These men are willing to reveal their secrets for anything from a mere \$5,000 to three times that amount. These letters are filed in the wastepaper basket.

In the meantime both teams are preparing for the contest. The Cardinals are holding practice every day and Nibs Price's team has been going through the exercises.

BIG GAME FANS MUST START EARLY

Start early and avoid traffic congestion! That's today's best advice for football fans planning to attend the big game to be staged Saturday at the University of California stadium between the ancient rivals, California and Stanford. J. Potter, vice president in charge of operations for the Key System Company, estimates that the total attendance at the game will reach the \$5,000 mark. Every available piece of equipment of the Key System will be placed in service to handle the crowds, he says.

Those coming from San Francisco to attend the game will be offered a special round trip fare of 40 cents, good over the Key System ferry and interurban lines between San Francisco and Berkeley. According to Potter, the special 40 cent round trip tickets will be on sale at the Ferry Building in San Francisco. In order to expedite the collection of fares, special ticket takers will be stationed in the Ferry Building from 12:00 noon to 8:00 p. m.

The Key System will operate special ferry boats and football trains to Danforth and College Avenue in Berkeley and also to the South Berkeley Station, where they will be met by special train cars which will convey passengers direct to the stadium. Many additional street cars will be operated on the College Avenue line direct to the stadium, train company officials announce. "Every effort will be made to make the trip as comfortable and conveniently as possible," Potter says. "Our special train and street car service will take passengers to the very portals of the stadium and avoid long hiking. There will be a last minute traffic jam that the wise ones will avoid by an early start."

Former Richmond Boy Wins Title
"Bud" Spencer, Stanford track star and former Richmond Union high school pupil, has been named world's champion 400 metres runner. Recognition of Spencer's record of 27 seconds for the run was made yesterday at a session in New York at the N. A. A. U. After leaving Richmond, Spencer attended the Modesto Junior College before entering Stanford. He met with a serious accident while returning from a track meet at Berkeley and suffered the loss of one eye several years ago.

Richmond Golfer Loses Tournament

At Sals' nose out Johnny Perrelli, Richmond boy, in the semi-finals of the California Professional Golfers' association tournament at Lake Orinda recently by shooting a hole in one. Sals was one up on the former local high school boy at the end of the 36 hole match. Sals made the fifteenth hole, 156 yards in one shot in the morning. He continued his lead of one stroke in the afternoon. The finals of the match will be played Monday.

Perrelli is a pro at the Feather River Inn country club course.

Jumping Champ

HURON GIRL of the U. S. Army team, entry in open jumpers class at horse show in Madison Square Garden, New York, is having a blue ribbon pinned on her after defeating 37 jumpers, taking all obstacles cleanly.

1929 Schedule For Irish Grid Team Announced

SOUTH BEND, Ind., Nov. 20.—(UP)—Notre Dame will meet ten opponents on the gridiron in 1929. Coach Knute Rockne announced today, three of which will be western conference teams. Eight of the ten games have been definitely contracted although dates have not been arranged. Two other games, one of which is expected to be with Southern California, will be added. The scheduled games include: Army at New York. Navy at Baltimore. Wisconsin at South Bend. Northwestern at Evanston. Indiana at Bloomington. Georgia Tech at Atlanta. Pittsburgh at South Bend. Drake at Chicago. Carnegie Tech will not be played.

Irish Ready For Contest With Trojans

SOUTH END, Ind., Nov. 20.—(UP)—Knute Rockne veteran coach of the Notre Dame football team, said today the Irish would be in as good condition for the Southern California game in Los Angeles next month as they were for the army game in New York. If the Trojans win they will know they have been through a football game, Rockne said. The coach praised the Carnegie Tech team which defeated Notre Dame last Saturday. Carnegie brought one of the finest teams ever to appear here and even if the Irish had been in peak condition Notre Dame could not have won, Rockne said. In 1929, Rockne said, but a contract has been made for a game in 1930.

LUTHERAN, M.E. CAGE TEAMS WINNERS

Methodist met Methodist last night in a church basketball league game and when the final whistle tooted the Wesley Methodist cagers walked off the floor with a 25 to 19 victory over the Community Methodists.

Black was high point man for the losers. The lineups were as follows: Community M. E. (19): Johnson, A. Boschetti, V. Hillyer, G. forwards, Redfield 2, center, Roberts, Rowe, guards.

Wesley M. E. (25): Powell 5, Melin 4, forwards; Black 14, center; Crigler 2, Jewell, Lohrer, Schoemaker and Jenkins, guards.

Second game Grace Lutheran (43): Santella 12, Vierra 14, forwards; Gillan, 8, center; Baldwin 2, Millicovich 6, Bowen, guards. First Baptist (14): H. Sanders, 2, Lanstead 8, forwards; M. Basket 4, center; Pruden, F. Basket, Brusse and Regalla, guards.

Y Cagers To Play Crockett Here Tonight

The varsity basketball team of the Y. M. C. A. will play the Crockett Community House tonight in the Y. M. C. A. The game will begin at 8 o'clock and is open to the public. The local "Y" team will open the basketball tourney to be composed of teams from Y. M. C. A.'s throughout northern California. Play will begin next month. Wallace Farrer of the University of California is coaching the team.

AVERILL GOES UP
Earl Averill, centerfielder for the San Francisco Seals has been sold to the Cleveland Indians of the American league.

"Me and the boy friend"

You know them, bless their hearts. A pair of youngsters, really, in spite of their self-reliant air and their fast-vanishing teens. The girl—slim, clear-eyed, merry; the boy—flippant, a bit arrogant, full of secret earnest plans for success.

They like each other. They go to the movies together, dance, quarrel a bit. They don't believe in early marriages. But her eyes shine when she speaks of him. "Me and the boy friend."

One of these days, suddenly, they'll be grown up. Man and wife, those fearless youngsters. A home to plan, life to face. A budget, a savings account, economies.

They'll make mistakes, but they'll learn quickly. She'll begin to be canny in the spending of money—to question prices and values. She'll begin to read about the things she plans to buy, to find out all she can about them. She'll become a regular reader of advertisements.

They'll help her to become the capable, wise housewife she wants so much to be. They'll tell her what clothes are best and what prices to pay for them. They'll tell her about the foods to buy, the electric appliances, the linoleums and draperies. They'll help her, as the advertisements in this newspaper can help you.

And she'll meet her responsibilities and fulfill her duties easily and well. She won't become a tired, flustered, inefficient drudge. Because her home will be modern, attractive, well-run, she'll keep young—through the speedy years she'll retain much of that shining-eyed, merry freshness. She and the "boy friend."

Advertisements are wise counselors for housewives, young and old

Heart Trouble
Marvellously Relieved
San Francisco, Calif. July 19, 1928.

So Fong Wan:
Fong Wan Two years ago I suffered heart trouble from heart. I tried everything that I heard of, I secured no genuine relief until I came across the bayer to you. It is a pleasure to testify that the Fong Wan Herbs banished my pain and that there has been no recurrence of my complaints during the past two years.

MRS. M. DORD, 4431 California St., San Francisco, Calif.

FREE SAMPLE

Call for a free sample of Indian Herbs compound at any of the local agencies where samples are given out and herbs sold. They are an excellent liver regulator for sluggish bowels, kidneys and constipation.

Indian Herbs are for sale by all the local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American Herb Co., 607 Macdonald Ave.
